**\*Please note that there are two approved proprietary binders for use in NFSMR materials – these are supplied by SMR(UK) and METTSL (SMR Eco), the NFSMR supplier can select either of these binders.**

**\*\*Note 2 – Feb 22. Please note that due to the amount of time which has lapsed since these NFSMR materials were last produced – the YHAUC recycling group must be consulted if these materials are to be produced again and a full suite of test results will be needed prior to the materials being sold.**
